

**Centers for Disease Control and Prevention
Seven Strategic Goals for STD Programs
2008-2013**

- Prevent infertility related to sexually transmitted infections.
- Prevent adverse pregnancy outcomes related to sexually transmitted infections.
- Prevent cancers related to sexually transmitted infections.
- Prevent HIV transmission related to sexually transmitted infections.
- Strengthen STD prevention capacity and infrastructure.
- Reduce STD health disparities across and within communities and populations.
- Address the effects of the social and economic determinants and the costs of specific STDs and associated *sequelae* among specific populations.
