Comments: _____

(For state health office use only)

Species	ID number	Desiccated/ Damaged	Engorged	# of females	# of males	# of nymphs	# of larvae	Total

Submission Instructions

1. Place tick in a water-tight container (e.g. Ziploc bag or plastic vial) with a paper towel/cotton ball doused with alcohol to prevent desiccation.
2. Seal the Ziploc to prevent leakage.
3. Fill out specimen submission form (above) for each submission and attach with specimen(s). Each animal host should have its own submission form.
4. Cut and keep these instructions.
5. Package specimen(s) and the submission form(s) carefully to avoid damage during shipment.
6. Use the prepaid postage envelopes provided for specimens in Ziploc bags or plastic vials. For larger containers, please mail them to:
